## HENSELL ACQUITTED

### ON ATTEMPT MURDER CHARGE

Was Insane when he Committed the Act. He will Probably be Confined in the Brandon Asylum.

The hearing of the Hensell attempted murder case occupied all day Saturday at the Supreme Court before His Lordship Chief Justice Sifton. Hensell had elected to be tried by jury, and the following jury was empanelled: Messrs. Goodridge, Armstrong, Brunelle, Robertson, Bissett, and Armstrong. C. de W. McDonald conducted the prosecution, and C. W. Cross the defense. There was a little further evidence for the prosecution than what was given at the preliminary hearing. Chas. Campbell, upon whom the attack was made, was the first witness called. He recounted the circumstances of the stabbing, and stated that he had not known Hensell before, and that there was, so far as he knew, no reason why the accused should have wished to harm him. Messrs. Matz, Mellon and McDonald, who were nearby at the time of the stabbing, were the next witnesses. Matz saw Hensell rush towards Campbell. He followed Hensell and dragged him away. Mellon had locked the door, and then shoved Hensell into a seat and stood guard over him when McDonald had telephoned for the police. Constable McCallum had arrested the accused and discovered a knife smeared with blood in his pocket. This concluded the case for the prosecution.

Mrs. Hensell, Col'n Beale, Ed. Loo-ly, Jas. Broderick, Geo. Robinson, N. Cartwright and W. B. Stewart were in turn summoned to show that Hensell had been subject to fits, which would make him suddenly and would last for from fifteen minutes to an hour. In each of these cases the accused had not shown any violent tendencies, but he had acted strangely, and did not appear to know what he was doing. Dr. Wilson was the next witness. He had attended Hensell when in a fit and had had considerable experience with lunatics in a Montreal hospital, on the staff of which he had been employed. Dr. McGibbon was next called. He had been Hensell's physician, the latter having asked him to operate on his head in order to see if the trouble which led him to having fits could be removed. Dr. McGibbon intended operating in about a month. With these two witnesses and certain reputable medical works, Mr. Cross showed that a man suffering from epilepsy, as Hensell was, was subject to a sudden attack, and that the attacks were not always accompanied by fainting or by convulsions, and that sometimes an unwarranted attack on something or someone present person might take the place of convulsions. Instances of this kind were recounted. This concluded the evidence.

The prisoner's counsel then addressed the jury. He acknowledged that Hensell had committed the crime, and that he was not a safe person to be at liberty, but that the jail was not the proper place to send him. When Hensell had committed the attack he was temporarily insane. Using the doctor's evidence and expert medical works, the prisoner's counsel made a clever plea of insanity.

C. de W. McDonald, in addressing the jury, stated that it was well

known that the prisoner was subject to fits, but claimed that the attack was made on Campbell when in a sane state of mind. If it was a sudden attack of insanity, it was different to all other attacks he had had.

The Chief Justice briefly addressed the jury, summing up the evidence. The jury retired and were out for over two hours, after which they brought in a verdict of "Not Guilty on account of his being insane when he committed the act."

The Chief Justice then ordered Hensell to be removed to the Regina jail to await the Lieutenant Governor's authority for his incarceration in the Brandon Asylum.

## THOMAS PIERSON'S

### MANIA FOR PASSING CHECKS

Served Six Months this year for this Offence and now Repeats it on a Wholesale Basis

Last January a young man by the name of Thomas Pierson was convicted in Edmonton on issuing a bogus check in St. Albert. For this offence he got a six months sentence. He had lately returned to the city and is again in the toils for a similar offence. He is said to have started his present business by buying a farm from a well known local real estate agent and giving a check for a hundred dollars as a first payment on it. On the worthlessness of the check was discovered and on the strength of his firm, he is said to have borrowed money from well known local men. He passed checks on the Union bank, in several cases getting men of good standing to endorse them. At no time had he an account at the bank in question. It is thought that he has issued checks aggregating over \$3000. He came up for trial this afternoon at the police station.

### VERMILLION NOTES

R. Dinwoodie, of Dinwoodie road, is in his city today. The Vermillion valley has recently suffered from a large fire which burned out a number of ranches in the Birch Lake district. The fire started about October 27th and swept over a large tract of country.

Many of the Canadian Northern grading outfits have stopped work for this fall. One contractor is still at work about four miles north of Vegreville.

### NO TELEGRAPHIC

Owing to a breakdown in the C. P. R. telegraph line near Red Deer the Bulletin is without its usual press despatches to-day.

**DAMAGE TO THE HOG CROP**

C. Gallagher of the Gallagher-Hull Company, has handed the Bulletin a bunch of correspondence on a subject of great importance to hog raisers. It appears that in this district hog raisers have experienced considerable loss from young pigs coming in a weak condition and dying a few hours after birth.

C. M. Aldrich of Swift & Company's St. Paul branch, visited the Edmonton district some time ago and his attention being drawn to the matter by Mr. Gallagher, promised to make enquiries as to the probable cause of the trouble and its remedy on his return home. The correspondence is the result of his enquiries. It appears that he referred the matter to Prof. J. J. Ferguson at Swift & Co's headquarters, Chicago, and he to Prof. Geo. A. Waterman of the Michigan Agricultural College. Not very much light is thrown on the question, but the supposition is that the trouble occurs through lack of proper constituents in the food because of the nature of the soil. The first conclusion was that it was because of lack of lime in the soil and therefore in the food. Prof. Waterman suggests that if an examination is made that the bones are not well formed it is probably due to lack of lime, this could be met by giving the dam phosphate of lime in 1-2 drachm doses twice a day for a week, then withhold for a week and give for a week again. Possibly, however, he suggests that the difficulty is due to a lack of sufficient protein in the feed. If this is so a little iron can be given in connection with the lime; a teaspoonful of copperas to each three or four animals once a day.

Mr. Aldrich very naturally suggests the use of Swift & Co's Digger Tankage, a preparation of ground and cooked soy, as a remedy. This preparation costs \$1.50 per 100 pounds in St. Paul and \$1.50 per 100 pounds freight in less than car lots besides duty.

**Government Ownership as it is**

Ottawa, Nov. 9.—Returns for the year 1903-04, just concluded and compiled at the railway department show that the working expenses of the Intercolonial were \$7,39,82. In 1902-03, they amounted to \$6,196.83. This heavy increase is attributed to the severe conditions of last winter. Receipts last year were \$6,829,230, while the year before they were \$6,324,323. The operations of the year thus produced a deficit of \$900,750. The year before there was a surplus of \$127,573.

**MACKENZIE ELECTIONS**

The nominations for Mackenzie district of the North West Territories were held in Yorkton on Nov. 8th. The nominations were, Dr. Cash, Liberal; Dr. Patrick, Conservative; and Mike Galeana, a Galician who was brought out in the interests of Dr. Patrick to take the Galician vote from the Government candidate. Ex-Chief Justice Maguire and Walter Scott, M. P., are taking part in the contest in support of Dr. Cash. The district includes the north eastern part of the Territories and a number of polls are down the Saskatchewan river towards its mouth. It was on account of the distance of these polls that the date of the election was postponed.

**Road to Peace River**

Leader:

Paul Paradis, resident engineer of the Dominion Government, Calgary, passed through the city last week en route home from Ottawa and will begin operations on November 30th on the work of building a Government wagon road from the Athabasca to the Peace River country. For this work the Government has appropriated \$15,000 and will build a road through the difficult country north of the Athabasca with a view to facilitating entrance into the great ranching country to the north. The road will be surveyed and all trees cut during the winter, and the grading will be done in the early summer. Two considerable bridges will be necessary across streams to which names have not yet been given. The road will be completed during the summer of 1905.

**The C. N. R.**

Reporter:

J. D. McArthur's grading outfit is expected in Fort Saskatchewan from the east in a few days. The outfit with the exception of his horses, will be stored for the winter. The horses will be taken to Winnipeg. It is thought that the object of moving the outfit to Edmonton is to have the outfit ready at that point to begin grading east of Edmonton and through Fort Saskatchewan as soon as spring arrives.

Nothing definite can be learned in regard to the crossing here, but it is almost a certainty that the site at Carscaddens will be settled upon although persistent rumors as to the probability of the crossing at the Island being adopted are still afloat.

**UNION STATION**

The Free Press publishes a rumor that the Grand Trunk Pacific and Canadian Northern Railroads have entered into negotiations with a view of the former securing entrance to the city of Winnipeg and the Canadian Northern tracks with a union station where the present Canadian Northern station now is; the Grand Trunk Pacific to locate its freight yards in Port Rouge. If a similar arrangement is made in Edmonton between the two companies it will suit everybody here, although the Telegram as in duty bound objects to the arrangement in Winnipeg.

**THE STURGEON ROAD**

The North-West Government has done a great deal of work during the past summer in carrying a ditch along the east side of the Sturgeon road to drain Fawcett's Lake into the second flat creek. The lake was reached a short time ago, and the water has been flowing down flat Creek in considerable volume ever since. The length of the drain is about six miles. There is no doubt that the intent of the Government in digging the drain was good. The road is one of the most travelled in the country. It passes through a good deal of low land in the first six miles from town and through two considerable ponds or lakes, which it has already drained, and has made or will make travel possible directly through them instead of around them as before. This is all very good, and, as already said, no doubt was done with the best of intentions. But the work has been done by a steam shovel, operated on a scow or dredge, which lies in the bottom of the ditch as it is made, and is pulled forward by cables as the work advances. This method of operation has no doubt its advantages, especially when working through wet ground or marsh. But on dry ground the amount of earth which has to be moved to allow the scow or dredge to work in the ditch is so great, especially when the cut is of considerable depth, that for miles the road allowance is almost entirely occupied by the ditch and the mountain of earth which has been taken from it.

Although a part of the work was finished last year, nothing has yet been done to level down the earth or to protect vehicles from driving into the ditch where the earth has been piled on the east side of the road allowance.

So far as the work has gone yet the ditch is the most serious detriment to travel along the road—a danger and a drawback of the most serious nature. Probably the Territorial department of public works does not appreciate the serious nature of the situation. Knowing that they are spending a great deal of money in making such improvements as will permanently ensure drainage of this road, they may think that they have done and are doing enough. But unless they follow up their work in digging the ditch with further work to properly dispose of the earth which has thereby been removed, they will have actually made the road impassable at some seasons and difficult and dangerous in all but the very best. Where the cut

is very deep, as it is in many places, it is proportionately wide, and the pile of earth taken from it is proportionately wide and high. The ditch and the earth occupy almost the whole width of the road allowance, leaving little more than the width of a wheel track between the pile of earth and a wire fence. What this means in this country of deep, black earth whenever there is a spell of bad weather, may be well imagined, but can scarcely be described in cold type.

The ditch was a good piece of work but there is a great deal more of it that there is any need for purposes of actual drainage. The Government has seen fit in handling this work to use the dredge rather than the ordinary plow, which would only have removed as much earth as was needed, and would have disposed of it in making a good road as fast as it was removed. Having seen fit to do the work in such a way as to obstruct travel on the road allowance, which it was intended to improve, it is for them to go further and render the work already done useless, by disposing of the earth now piled on the road allowance to the advantage and not to the disadvantage of travel in wet seasons. It is getting late this season to do much earth work, but an energetic effort should be made to place the road in such condition before frost sets in, that it will not prevent travel when the frost comes out.

What is needed is that the earth shall be levelled off, low places graded up, culverts put in to carry water from the west side of the road allowance to the ditch, and a substantial fence or railing built along the ditch.

**CHURCH SERVICES**

The usual services were held yesterday in St. Joachim's church. Rev. Father Hetu conducted High Mass and preached in English.

The services in the Presbyterian church were taken by the Rev. D. G. McQueen. At the evening service Miss Webster sang a much appreciated solo. The Young People's Society of the Presbyterian church will meet this evening. The society will be reorganized on the coming winter. Thanksgiving services will be held in the church on Thursday next.

Pastor McDonald took the services at the Baptist church morning and evening. In the evening he preached from the subject, "Joseph a Man of Principle."

The services at the College avenue Methodist church were taken by Rev. C. H. Hues in the morning and Rev. F. W. Cox in the evening. Mr. Hues' text concerned his series of services on "How to Make the Bible More Real," taking for his subject "The Preachers of the Bible." Mr. Jackson Handby lately of Winnipeg, sang an excellent solo.

F. S. Green took the morning services in the Kingsway avenue Methodist church and Rev. C. V. Hall, the evening service.

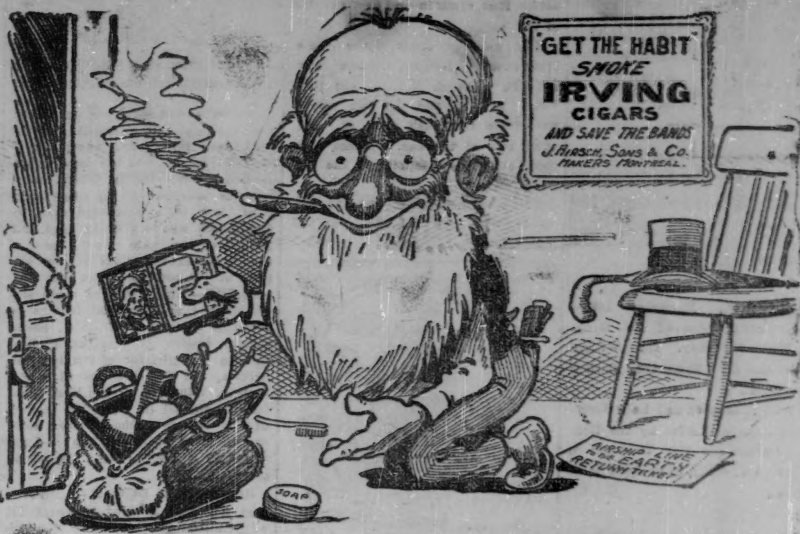

The regular services conducted by Rev. H. A. Gray, were held in All Saints church.

**STURGEON**

The second anniversary of the opening of the Sturgeon Presbyterian church will be held next Sunday, the 20th inst. Rev. D. G. McQueen, of Edmonton, will preach at three o'clock in the afternoon, and Rev. A. Forbes at seven in the evening.

On Monday evening, the 15th, a congregational social and entertainment will be held in the church. The programme will be rendered by the Misses Robertson and members of the choir of the Presbyterian church of Edmonton. Refreshments will be served by the ladies during the evening. Admission, 25c.

## WILL TAKE A REST

### SIR WILFRID AND PARTY

Will go to well known California. Resort After Governor General's Departure

Ottawa, Ont., November 14th.—Goldwin Smith addressed the Canadian Club Saturday. Sir Wilfrid Laurier and Sir Frederick Borden were present.

Sir Wilfrid Laurier and Lady Laurier will be accompanied by the Hon. Wm. L. A. Brown and Mrs. Patterson to Monterey, California, after Lord Minto leaves.

## TROTTING RECORD

### BROKEN BY LOU DILLON

The World's Record Lowered to two Minutes and one second flat

Memphis, Tenn., November 12.—Lou Dillon smashed the world's pace record for trotting here to-day by completing a mile in two minutes and one second, flat. The former unpace record of 2:01.4 was jointly held by Lou Dillon and Major Delmer.

The little mare stopped the first quarter in 33 seconds, when she had straightened out down the track stretch Sanders called on her for a faster effort, and the half mile was passed in 1:34.4 seconds. She passed the three-quarter post in 1:30, but when well lengthened out for the flight to the wire she faltered, but passed the judges' stand in 2:01.

## STEAMER AND SCHOONER COLLIDE

New York, November 12th.—Four persons lost their lives Wednesday night off Barnegat light in a collision between the United States refrigerator ship Culgoon and the lumber schooner Wilson, according to the story brought here to-day by three of the survivors of the schooner which was thrown on the beam ends by the steamship and is now a drift.

## Trial of Well Known Conductor

Alberta, November 11: The evidence in the first case which has followed on the reports made by the agents who operated on the train north and south in the month of July was begun at the police court Wednesday afternoon. In this connection Alf Fidler, who was a conductor on the north line, is accused of the theft of \$12.00 from the company. The first evidence produced was that of C. P. Comer and another agent named Kief. Comer called himself a detective, and said he had been in that business for nineteen years. He was one of the Thiel detective agency. He, with three others, operated on the north and south lines in June and July. The four represented themselves as land men and the witness traveled under the name of Brown.

He says he had become well acquainted with Mr. Fidler and has ridden with him. On July 24 the four were coming down from Edmonton. He said that he interviewed Fidler just after the train had left Strathcona and suggested that he carry the four south. Fidler, according to Comer, had replied that he was a bit afraid to do the work, for he believed that there was a "spotter" on the train. However, he gave them four old tickets. This transaction occurred in the wash room. Comer said he handed Fidler \$12.00. At the close of this trans-

action Kief came in and saw the end of it.

Kief gave evidence of the same transaction. His recollection was not the same as that of the previous witness, and the two could not locate the wash room in the same end of the car. There were some other discrepancies in the evidence of the two.

The men intend to fight the case to the end, and the case was adjourned.

## Underwear a Farmer Needs

Regular weights won't do for the farmer. He must be warmer clad, because his work about the farm and long drives to town keep him out in the cold so much.

## Stanfield's Unshrinkable Underwear

comes in special weights, especially for farmers. Special weights don't mean clumsy, bulky garments. Stanfield's Underwear is so warm because of the peculiar knit of the garments. It's pure Nova Scotia wool, that has been treated to take out the shrink and leave in the softness. We—and your dealer—both guarantee Stanfield's to be unshrinkable.

## BRASS DESK FITTINGS

from Austria—something different from what is seen in the ordinary store, and something that bids fair to become the most popular of all wares for Holiday Gifts.

LEEMING, WILES & CO., MONTREAL.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, counter-signed in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Classes 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART, Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

## Killen and Gilbert

## SUPREME COURT

The case of King vs Simon, on a charge of attempted murder, occupied the attention of the Supreme Court all this morning. The case was tried by jury, the following being empanelled—P. Armstrong, O. H. Bush, M. Brunella, Thos. McLamy, N. B. Peck and Wm. Jackson. Mr. Newell conducted the prosecution, and W. Garripy the defense.

Matt Simon was driving past the residence of C. de W. McDonald on Seventh street west on June 15 last Donald Cameron McDonald, a young son of Mr McDonald had been riding on the back of the wagon, when it is alleged by the prosecution, Simon threw two bricks at the boy one of which hit him on the head. Miss McDonald, and Stella and Irene Harbottle were present at the time. Miss Maggie McKinnon, who was passing, picked the child up from the road where he was lying and noticed some blood on his forehead. The counsel for the defense brought witnesses who testified to the good character of the accused. The counsel urged that the brick had fallen from the back of the load which was higher than the wagon box and had not been thrown at the boy.

The jury went out at eleven o'clock and at one o'clock had not arrived at a decision. They then adjourned for dinner and re-assembled in the court house at half past two o'clock. This afternoon the criminal case, King vs Elwizjuk, for assault with intent to commit murder, is being heard.

## STRATHCONA HOCKEY MATTERS

On Monday night last the annual meeting of the Strathcona Hockey Club was held in the ice hall and was attended by a large number of our most enthusiastic hockeyists. Mr. Davies, president of the club for the last two years, occupied the chair.

The following were elected officers for the ensuing year:—

Patrons: Lord Strathcona, Messrs. A. Davis, James G. Gage, D. S. McKenzie, R. Ritchie and J. J. Daggan.

Honorary President, A. C. Rutherford, M. L. A.

President, Rev. W. B. George.

1st Vice-President, W. H. Sheppard.

2nd Vice-President, Principal Thompson.

Secretary-Treasurer, Tyne Richards.

Historian, J. W. Blain.

Trainer, E. H. Dobson.

Recruiting Committee, F. H. Dobson and N. May.

Executive Committee: President, Secretary and Captain, to be elected after team is organized.

Committee on Constitution: Rev. George, J. W. Blain, J. H. McDonald.

The boys are anxiously awaiting the erection of the new rink and the arrival of the first king and the prospects for the season are excellent.

The committee of the rink company who have in charge the construction of the rink, have secured the site at the corner of East Railway street and Lunden avenue, seven lots, and have had them cleared and levelled. Several architects are preparing plans in competition for the new rink. The ground secured is large enough to accommodate the hockey rink, club rooms and four slices of curling ice. A contract was let on the 11th inst. as soon as the plans have been accepted.

**H.B.K. BRAND**

**BIG SHIRT**

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39 1/2 to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39 1/2 to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

Total . . . . . 151

New York, November 9.—President

Roosevelt probably will have 325 electoral votes as the result of yesterday's balloting. Late unofficial returns give a basis for this estimate which however may be increased by 15 votes from Missouri when the returns from that state shall have been completed, or on the other hand may be decreased by 7 votes when the count is completed in West Virginia.

Chicago, November 9.—Despatches to the Associated Press up to 11:30 a.m. show that the Republicans have elected 233 Congressmen and the Democrats 141.

Of the remaining 12 districts, six are now represented by Republicans and six by Democrats. It is possible that the Republicans will have a majority of about an even hundred in the House of Representatives.

Both sides claim a victory in Missouri, where the Republican state committee believe they have elected Walbridge for governor by 2,000 to 4,000, and have carried the state for Roosevelt. In West Virginia the returns have come in very slowly, but a Republican victory is indicated.

St. Paul, Minn., Nov. 9.—The Republicans have elected nine congressmen from Minnesota. In the fifth district, in which there was a bitter contest, Loren Fletcher, Republican, was elected by 7,000. Returns received this morning assure the election of John A. Johnson, Democrat, by 10,000 to 12,000.

## LOCAL

—Thursday of this week is Thanksgiving Day.

—Malcolm McCrimmon's trading outfit is now said to be about six miles on this side of Vegreville.

—A Galician woman came up before Police Magistrate Cowan this morning on a charge of theft. She was committed for trial.

—There was a very heavy frost last night and cakes of ice are running in the river to-day, but the weather is mild and delightful.

—The Art and Loan Exhibit's building continued at the Masonic building this afternoon and evening and to-morrow afternoon and evening.

—E. B. Leonard, Cameron, and William Armstrong, Bert Armstrong, and D. Brant went up the river to-day for a week or ten days shooting.

—Walker's comedians appear in Robertson Hall Wednesday and Thursday evenings of this week. They will give a matinee on Thursday afternoon. The plays they present are "Brown's in Town" and "My Friend From India."

—Blindfolded: On Monday last Edmonton became a city. The event was joyfully celebrated by a grand banquet held in the rink theatre, to which was invited most of the chief public men of the Territories, including the mayors of all the towns and cities, several of the members of the Legislative Assembly and Chief Justice Sifton. Mayor MacKenzie and A. O. Butherford, M.L.A., were Strathcona's happy representatives at the happy gathering, and conveyed Strathcona's congratulations and well wishes to the city of Edmonton.

## PERSONALS

R. Dinwoodie, of Dinwoodie post office, is in the city to-day.

E. D. H. Wilkins, of Wetaskiwin, spent yesterday in the city.

Rev. Father Marias returned to the city Saturday evening from Montreal.

Mrs. M. Matheson returned to the city Saturday evening from Didsbury, where she was visiting her daughter.

Mr. and Mrs. Jno. W. Morris have returned to the city after several months' absence, during which they visited many of the American and eastern Canadian cities.

A. T. Cushing and Fred Irwin took a business trip to Morinville on Friday. The Cushing Bros. Co. have decided to put in a branch business in that town and will begin operations at once.

## A TOWEL SHOWER

A meeting was held on Saturday afternoon in the school room of McDougall church for the benefit of the Public Hospital. It was under the auspices of the Women's Missionary Society and took the form of a Towel Shower. Six dozen towels of various sorts were brought in for use in the Hospital. Some of the ladies attended and three were treated to a program of four pumbers. Miss MacRaff sang "O Divine Redeemer"; Miss Doris Huestis gave a piano solo; Mrs. Riddell, a reading from James Whitcomb Riley, entitled "The Old Sinner's Heart of Mine"; and Miss Nichols a paper on the needs of the Hospital. The paper, reading the various ladies' contributions that would be acceptable at present, was read out the proceeds of the entertainment and further equipment to meet the needs of the rapidly increasing

population, and urged a larger membership for the Hospital Aid Society and more active participation in its work. It called attention to the fact that so far, all the work that had been done had fallen on the shoulders of a few, and that more are needed to share the growing burden; that the annual meeting, held at the beginning of January, is now approaching, and will afford a good opportunity for turning over a new leaf; and that all necessary information may be obtained by applying to the President, Mrs. Manson, or to the Treasurer, Mrs. Brethwaite, or to the Secretary, Mrs. Fred Ross.

After a short but interested discussion, tea was served, and the ladies dispersed, resolving that this successful Towel Shower should be only the beginning of their activities in behalf of the Hospital.

## CURLING NOTES

The Edmonton curling club is getting everything into shape for the approaching season, which has promise of being a very successful one. The club desires that all persons wishing to join the club make application at once. Application may be made to E. U. Pardoe, J. L. Stutholme, A. McLean, Jno. Rae, W. G. Ibbotson or the secretary, Jno. A. McLean.
